<sup>1</sup> See *Streamlined Process for Resolving Requests for Review of Decisions by the Universal Service Administrative Company*, CC Docket Nos. 96-45 and 02-6, WC Docket Nos. 02-60, 06-122, 08-71, 10-90, 11-42, and 14-58, Public Notice, 29 FCC Rcd 11094 (WCB 2014). Section 54.719(b) of the Commission's rules provides that any person aggrieved by an action taken by a division of USAC, after first seeking review at USAC, may seek review from the Commission. Section 54.719(c) of the Commission's rules provides that parties seeking waivers of the Commission's rules shall seek review directly from the Commission. 47 CFR § 54.719(b)-(c). In this Public Notice, we have reclassified as Requests for Waiver any appeals seeking review of a USAC decision that appropriately should have requested a waiver of the Commission's rules. Similarly, we have reclassified as Requests for Review any appeals seeking a waiver of the Commission's rules but that are, in fact, seeking review of a USAC decision.

<sup>2</sup> See 47 CFR §§ 1.106(f), 1.115(d); see also 47 CFR § 1.4(b)(2) (setting forth the method for computing the amount of time within which persons or entities must act in response to deadlines established by the Commission).

<sup>3</sup> We remand these applications to USAC and direct USAC to complete its review of the applications and issue a funding decision based on a complete review and analysis, no later than 90 calendar days from the release date of this Public Notice. In remanding these applications to USAC, we make no finding as to the ultimate eligibility of the services or the petitioners' applications. We also waive sections 54.507(d) and 54.514(a) of the Commission's rules and direct USAC to waive any procedural deadline that might be necessary to effectuate our ruling. See 47 CFR § 54.507(d) (requiring non-recurring services to be implemented by September 30 following the close of the funding year); 47 CFR § 54.514(a) (codifying the invoice filing deadline).

filing window). Because the *Agri-Business Child Development Order* was released August 6, 2020 after the funding year 2020 window had closed, the Bureau also found good cause existed to waive the funding year 2020 FCC Form 471 application filing deadline for those applicants filing their applications on or before that date, waiving the filing deadline for applications that were submitted up to 99 days late. We extend this waiver standard to funding year 2022 applicants but emphasize that this additional relief applies only to this subset of applications and applicants should not expect the Commission to grant additional waivers absent a showing of extraordinary circumstances.

<sup>14</sup> The application number for the Georgia Department of Juvenile Justice was incorrect in a prior public notice. See *Streamlined Resolution of Requests Related to Actions by the Universal Service Administrative Company*, CC Docket No. 02-6, WC Docket No. 21-93, WC Docket No. 06-122, Public Notice, DA 22-658 (WCB Jun. 30, 2022). We now include the request with the correct application number.

<sup>15</sup> With respect to USAC's determinations that there was no signed contract with the service provider before Baltimore City School District's (BCSD) submitted its FCC Form 471, we grant BCSD's Request for a Waiver. See *Requests for Waiver of the Decision of the Universal Service Administrator by Adams County School District 14 et al.*; *Schools and Libraries Universal Service Support Mechanism*, CC Docket No. 02-6, Order, 22 FCC Rcd 6019, 6022-23, paras. 8-9 (2007) (granting a waiver of the Commission's contract rules for applicants when applicants technically missed the program deadline for having a written contract in place, they were adhering to local or state procurement laws); see also *Request for Waiver of the Decision of the Universal Service Administrator by Cincinnati School District*; *Schools and Libraries Universal Service Support Mechanism*, CC Docket No. 02-6, Order, 21 FCC Rcd 5994, 5997, para 7 (WCB 2006) (granting appeal where applicant technically missed the program deadline for having a written contract in place at the time it submitted its FCC Form 471).

With respect to USAC's determinations that E-Rate funded equipment was not being utilized, we find special circumstances to justify granting Baltimore City School BCSD's Request for Review. In 2009, the Commission provided formal guidance to USAC on situations where USAC finds equipment was not being utilized and whether recovery was required. See Letter from Dana R. Shaffer, Chief, Wireline Competition Bureau, FCC, to Scott Barash, Acting Chief Executive Officer, USAC, CC Docket No. 02-6, Letter, 24 FCC Rcd 417 (WCB 2009) (2009 "Table C" *Recovery Issues Letter*). In the letter, the Bureau explained that USAC should not seek recovery in every instance in which it determined the equipment was not utilized. The Bureau noted that, for example, in situations where equipment was not being used due to human resource limitations, but was subsequently installed, recovery would not be warranted. In the instant case, BCSD experienced human resources limitations after significant layoffs and was unable to complete the project with internal staff. BCSD then sought outside technical assistance to complete the project and put the E-Rate funded equipment to use.

We find that these petitioners were unable to complete implementation for reasons beyond their and their service providers' control and made good faith efforts to comply with Commission rules and procedures. Accordingly, we waive the special construction service delivery deadline and direct USAC to provide the applicants until June 30, 2023 to complete their special construction projects.

For these petitioners, we also waive any associated administrative or procedural deadlines, including the invoice filing deadline, that might be necessary to effectuate our ruling. See *supra* note 3.

<sup>25</sup> *Franciscan Skemp Waukon Clinic, Waukon, Iowa, Rural Health Care Universal Service Support Mechanism*, WC Docket No. 02-60, Order, 29 FCC Rcd 11714, 11717-18, para. 9 (WCB 2014) (*Waukon Order*) (denying request for review where applicant signed a multi-year contract for the services at issue before the expiration of the 28-day waiting period). Ascension Health entered into four contracts with its selected service provider on October 3 and 4, 2018, several months before the March 30, 2019 expiration date of the 28-day waiting period established when USAC posted Ascension Health's four requests for services on its website on March 1, 2019. Ascension Health maintains that its early entry into the service contracts is not a competitive bidding rule violation because it "requested contract review for Evergreen status with the contract signed 10-03-2018 and had uploaded with the [FCC Form] 462 and USAC assigned contract ID 1165032." *See, e.g.*, Request for Review and/or Waiver of Ascension Health, WC Docket No. 02-60, at 1 (filed Mar. 15, 2021) (Ascension Health Request) (describing the service contract applicable to FRN 19632841). The mere request for evergreen status, however, does not relieve an applicant from the requirements to competitively bid for services and then wait at least 28 days from the date its request for service was posted before selecting and committing to a service provider. *See* 47 CFR § 54.642(a), (g) (2017). Only a contract previously designated as evergreen by USAC permits an applicant to avoid having to re-bid during the contract's term. 47 CFR § 54.642(h)(4)(i) (2017). The contracts entered into by Ascension Health in October 2018 likewise cannot serve as standing bids to circumvent the 28-day waiting period requirement. An applicant can use a contract entered into prior to expiration of the 28-day waiting period as a standing bid only if it is "choosing to continue service under an existing contract." *Waukon Order*, 29 FCC Rcd at 11715, para. 3. The four services that Ascension Health contracted for in October 2018 were for new services that commenced after the March 30, 2019 expiration date of the 28-day waiting period. *See, e.g.*, Ascension Health Request at 1 (indicating that the service associated with FRN 19632841 was "installed 05/21/2019").
